Steve, thank you for all the work you did on preparing the AOT reports.

Also, today I attended A VERY ENCOURAGING meeting at DMH on two other services that are being rolled out to deal with severely mentally ill people in the neighborhood. Our Top 14 has certainly made an impact, and they are going to be holding a meeting on Tuesday September 8 at 8:30 a.m. to discuss/describe the difference between three new programs: the Laura's Law/AOT, the new mobile triage team and the new mental illness intervention team. I feel like the Calvary is on the way.

At some point in the next week or so Bill, I'd like to write a commendation for Steve and his team, because absent the good work that has been done on documenting needs in our neighborhood, we would not be at the table having these discussions.

Steve, this is good news. Absolutely – send the whole list over. This is the point of Laura’s Law...to steer these individuals into treatment. We’ve been waiting for this for a long time.

If you got there at 4:30, I hope you take off today after lunch!

I am at a meeting today to discuss how we are going to cope with the departure of Spencer from The Center. His wife is being transferred to Denver in November. It is a huge loss for us. Therefore, I won’t be able to attend the briefing (but I will be there next Wed 8-26). Joe will be there for me today.

You might want to share the general stats on our three months experiment of meeting new people (BTW, we have not discussed whether that is continuing or not – I don’t want to burden the PSO’s, but it is rich data.)

Joe can share the basic stats – this is pulled from a blog I am currently working on.

On July 30, I was handed a spreadsheet with 113 names listed. One hundred and thirteen new faces in three months.

Here is a summary of the key findings:

- 72 percent were male
- Two out of three were under age 35
- One year ago, 44 percent were in another state
- One year ago, 63 percent were homeless (which means that 27 percent were not homeless)
- 57 percent admitted to some substance use. Crystal meth, heroin and marijuana were more prevalent among the younger cohort; alcohol the preferred substance for the older
- 16 people (14 %) expressed some desire for help

Please let the team know that the data they are collecting is powerful – I am using it in every forum to describe what is unique about this new wave of homelessness. After yesterday’s meeting at LAFS (and you can report on that) Dan and I talked about meeting with staff in our state legislators’ offices to describe what is going on, because if Prop 47 needs to be amended, that is where it will happen.

Also, with the 16 people who really expressed a desire for help in Lisa’s spreadsheet, I want to find a way to be more intentional about connecting them to help. That will be something I can explore next week with the team. That could be a good way to use my Americorps worker for the time remaining.

Thanks so much, talk later.

Hi Kerry,

Thank you for the information and introductions to others on here. I have also copied in updated points of contact for Hollywood. I have recently transitioned out of market, and Holm Hamann is the new district manager starting over the next few weeks. We will have a point of contact reach out to you for an organized meeting over the upcoming weeks with you and the team, whether it be Holm or a counterpart.

I have greatly appreciated our partnership together over the past three years, as we have accomplished much and worked well through previously shared concerns and opportunities to support the city and relevant networks. We look forward to continuing this approach.

More to come, and thank you again for the time we have spent over the years. I'm confident that with the rise in homeless and related concerns, we can continue to work together to create a safe and supported city, and our stores reflect similarly.

Hi Sean, by way of this email, I am introducing you to Lt. Alex Baez at LAPD, who has responsibility for deploying the officers in the Hollywood Entertainment District.

Lt. Baez, Sean is the district manager for the Hollywood (and greater) for Starbucks.

Sean, I was at a meeting last evening with Lt. Baez, and he was mentioning some of the challenges they are facing with a few of the stores where there are transient people hanging out in the restrooms or

staying in the stores. I know we talked over two years ago about some of these situations – and it may be time again.

We are actually noticing a visible up-tick in homeless individuals in Hollywood (this is actually happening throughout Los Angeles) and this is an increasing challenge for many stores and restaurants. I actually wrote a blog about this in late June that you might find useful

<http://onlyinhollywood.org/discouraging-news-about-homelessness-surprises-no-one/>

That said, it is probably a good time to sit down again and talk about how to protect your stores and your customers – and also give LAPD an idea of how you operate and train your personnel to address some of these issues. I'll have BID Patrol in the conversation as well.

I'm happy to host this conversation. Let me know when you might be in the Hollywood area, and I'll work to put this together.

Gentlemen, thank you for lunch today.

Just keeping a recap of what we talked about today for next year's planning. Several of these ideas will be good for us to discuss at the first Security Committee meeting of the year on January 13. I will also brief the two chairs as well. Thank you for your service and leadership of our team. I know this has been a tough year, for a number of reasons, but the two of you have kept morale high amongst our team, communicated our priorities faithfully and been incredibly responsive on special problem solving challenges.

1. Policy. To avoid "mission creep" and stay focused upon the core purpose of the BID security patrol, draft a policy statement which guides the purpose of the BID patrol and outlines the areas and activities that are not appropriate for their ongoing involvement. Allow the Security Committee and ultimately the boards to weigh in on any expansion or core responsibilities.
2. Harden the target/crime prevention. Because there are a number of areas controlled by private property owners in the BID which serve as a magnet for problems, let's work collaboratively to bring the property and business owners together with staff and BID Security in order to determine what steps an owner can take to improve safety for their customers/residents/pedestrians.
3. Board member ride-alongs. Encourage board members for the Hollywood Entertainment District (primarily) to participate in an early morning/late in the month ride along with BID Patrol to understand the scope of the job and learn about the limitations faced by private security officers.
4. Engage with other BID Operations staff. Encourage Joe and Steve to meet with the operations directors of other BIDs, most notably Fashion District and DCBID to share information about best practices.
5. Problem-solving with respect to homeless population. Focus our resources on special needs in our resident homeless population – e.g, Top 14, most vulnerable, etc.
6. Trend analysis and data capture. Continue the good work of gathering data which helps us to identify trends and document what is happening with respect to crime stats, drug offenses, recent homeless arrivals, encampments, other issues. The excellent work re/ capturing the case studies for the Top 14 has helped to move at least five individuals into full time treatment and care.
7. Increase visibility. The goal for 2016 is to make our security presence more visible – there is no quota for private persons arrests or referrals. Given the concerns expressed in the neighborhood in the past year, we want people to see our BID patrol in action. This will apply to both PSO's and security officers.

With appreciation,
Kerry

Hello all,

I just spent 20 minutes on the phone with Nicole. She and her husband moved here last November, and are big believers in Hollywood. She was very nice on the phone and understanding as to the challenges we are facing in the BID. She did share however, that her and her husband have noticed that the Taco Bell near their home at Vine/Lexington has seen an increase of trash/waste and more individuals blocking the sidewalk. This last weekend she said that it appeared people were also selling items there.

I explained to her the current situation in Los Angeles, to which she was well aware having previously worked at the City. She knows we are doing all that we can and was grateful, but she was wondering if there was anything that can be done to limit the trash being thrown on Lexington and also have the sidewalks opened. I suggested she give Steve a call so she could better understand what we can and cannot do. I also directed her to Kerry's blogs on the website. Again, she was very grateful and understanding and said she would give Steve a call tomorrow.

Just wanted to give you all a head's up.

To whom it may concern,

I would like bring to your attention, an incident that occurred last week as I was purchasing goods from the 7-11 convenient store on Cahuenga.

As I was entering the store, I over heard several of your officers speaking about an incident and the disgusting word of "wetback" was said by one of your Caucasian guards. This guard was very loud and had rude mannerism. I looked at the other guards at the time, who seemed to have kept their composure but looked as if they were offended by his reasoning of the "wetback" term, as I was. One of them was a Japanese guard.

I am fully aware of the b.i.d patrol and what your functions are. Hearing this conversation was very appalling to hear from a well talked about organization. I am asking that you look into this incident

immediately. As patrol guards for HOLLYWOOD I expect a more professional guard than the one I saw offend his co workers. This word should not be said to anyone in this day and age.

Please do not contact me as I would like to remain anonymous due to my working relation with b.i.d. and Im certain that action will be taken.

Thank you

Kerry,

We are also having an issue with tents at night on Las Palmas at the recording school. Its outside of the BID but I've attached the photo if it helps you.

The resident neighbors have contacted us as they are frightened at night. There are about 15/16 people living in these tents. Because they camp outside our business the residents think it's our problem to deal with. We have asked them to contact the police as we are doing. Is there another resource for the residents – can the neighborhood council help?

Hi Steve

Hoping you can help, there's a camp set up on/at the bus stop of Sunset and Ivar, they apparently have been there since Friday (we were closed). I've attached a photo. They have spread out quite far into the sidewalk.

Security told me they called this into BID dispatch but no one has shown up or if they did they didn't check in with us.

Our students are understandably concerned so I thought I would forward it over to you.

Thanks
Elizabeth.

We have seen a increase of 47 people in the SBID over last months total. We gained 2 people in the HBID. We are attempting to learn why we have this huge increase.

6-17-15

Homeless Needing Paramedics: Stephen Seyler

We have a small number of people that we find down on the sidewalks needing medical attention on a regular basis. Richard McFarthing would be an example of this group. Without our occasional intervention directing medical resources to him, we feel certain that he and several others would have died by now.

Much more prevalent is our interaction with individual homeless people that we find down in medical distress. We direct paramedics to them, but not usually on a regular basis. This group is still a huge drain on resources for the fire department. If more of these people were receiving regular medical care they would not require emergency transport to the hospital at this level.

I have documented examples from this year below.

On 1-6-15, our officers responded to a call of a woman sleeping at Highland Donuts located at 1776 Highland. They made contact with Nita Geisel who was lying on the floor. She said she was pregnant and was in pain with cramps. Our officers called paramedics who responded and took her to the hospital.

On 1-6-15, we found a woman down on the sidewalk at 6601 Hollywood Blvd. She said she needed medical assistance and our officers called paramedics. RA 27 responded and treated her at the scene.

On 1-6-15, we came upon the scene of a traffic accident involving a car and motorcycle at Hollywood and Vine. The motorcyclist was thrown from the bike. Our officers called paramedics who responded to the scene. The LAPD arrived and our officers cleared the scene.

On 1-8-15, we responded to a call of a man refusing to leave Busy B's located at 6548 Hollywood Blvd. The man seemed very disorientated and they could not converse with him. They finally got him to leave, but he then started wandering into other area businesses. He appeared to be a danger to himself so we called the LAPD. They in turn contacted paramedics who took the man to the hospital.

On 1-8-15, we responded to a call of a man throwing objects at passersby at Vine and Selma. They contacted Mr. Cintron who appeared to be under the influence. He started vomiting and complained of abdominal pain. Paramedics were called, but he became belligerent when they tried to treat him. He left the scene shouting obscenities.

On 1-11-15, we responded to a call of a man blocking the sidewalk at 1555 N. Wilcox. The man was unconscious and in need of medical attention. The officers called paramedics who responded and took the man to the hospital.

On 1-12-15, we responded to a call of a man asleep in a chair outside of the coffee shop (Tiago) located at 7080 Hollywood Blvd. They could not rouse the man and they called paramedics. They arrived and treated the man at the scene. He was able to walk from the location.

On 1-13-15, we responded to a call of 3 people drinking in public and trespassing at Sunset Gower Studios located at 6040 Sunset Blvd. One subject was extremely intoxicated and our officers felt that he was unable to care for himself. LAPD officers Jaye and Granados arrived and formed the same opinion. Paramedics were called and they took the man to the hospital for possible alcohol poisoning.

On 1-13-15, we responded to a call of a fight at 6621 Hollywood Blvd. Upon arrival we saw four citizens holding Abdou Bojang on the ground. They said that Abdou had assaulted a man and had stomped on his head repeatedly. The officers then saw the victim who was bleeding profusely from a head wound. They handcuffed the suspect and held him for the LAPD.

Paramedics were called, but the man refused treatment. He also refused to make a crime report and he left the scene. The LAPD officers took Abdou to their station for further investigation.

On 2-17-15, we found 43 year old Estin down on the sidewalk. He was warned regarding blocking the sidewalk. He said he thought his leg was broken. We called paramedics who verified that his ankle was broken. They took him to the hospital.

On 2-19-15, we found 18 year old Isiah down on the sidewalk at 6801 Hollywood Blvd. His pants were down and he was bleeding on his thigh and hand. He said he had just punched his girlfriend's car window. We call the LAPD and paramedics. They took him to the hospital.

On 2-24-15, we responded to a call of a fight at the Taco Bell located at 6254 Lexington. Eighty year old John had been assaulted and had a bruise on his face and a laceration on his arm. We tracked down the suspect and placed him under arrest. We called paramedics who treated John at the scene.

On 3-1-15, we found a man down at 1123 Vine. Our officers spoke to Allen who said he was feeling suicidal. We called the LAPD and paramedics and Allen was taken to the hospital.

On 3-15-15, we responded to a call of a man down at 6051 Hollywood Blvd. Our dispatcher asked the caller if they had called 911. The caller said they did not have time. Our officers arrived and found the man unconscious and foaming at the mouth. They were unable to rouse him so they called paramedics. The Paramedics arrived and said they had seen the man dancing on the corner a half hour earlier. He was now vomiting and they decided to take him to the hospital.

On 3-17-15, we responded to a call of a man threatening suicide at the 7-11 Store located at 1810 Cahuenga. Upon arrival our officers spoke to 54 year old John Pacquette. He said that he was schizophrenic and had not taken his medication for three days. He said that he wanted to kill himself by throwing himself in front of a speeding car.

Our officers called the LAPD. Officers Ritchie and Trotter arrived and transported John to the hospital for mental evaluation.

On 4-14-15, we saw a motorcycle and rider down in the street on Argyle near Hollywood Blvd. Our officers stopped and assisted the man until paramedics and the LAPD arrived. They passed on the driver's and witness's information to the LAPD officers.

On 4-16-15, we found an elderly man face down on the street convulsing. He was unconscious, but breathing. Assisting BID Officers blocked traffic so no one would drive over the man. The officers called paramedics and Engine 27 responded. The LAPD also responded to the scene. RA 35 arrived and transported the man to the hospital.

On 4-28-15, our officers found a man having an epileptic seizure at 5940 Carlos. They called paramedics and Engine 82 responded and took the man to the hospital.

On 4-29-15, we responded to a call of a man sleeping in front of the business at 6250 Hollywood Blvd. They found the man to be in and out of consciousness and his breathing was labored. They called paramedics and RA 27 responded and took him to the hospital.

On 5-6-15, we responded to a radio call of man down in a chair. They found a man who appeared to be between 60 and 70 slouched in a chair. He had on a wrist band that indicated his name was Muhammad Nazaned. He was drooling and unresponsive. They called paramedics and Rescue 41 responded and took Muhammad to the hospital.

On 5-15-15, we were flagged down by employees at the Starbucks located at 6290 Hollywood Blvd. An elderly man had fallen from his wheelchair striking his head on the ground. He was bleeding and paramedics were called. Our officers sat the man in a chair and stayed with him until paramedics arrived and treated him.

On 5-17-15, we found Richard McFarthing down on the ground at 6381 Hollywood Blvd. He was unable to speak or get up. The officers called the LAPD and paramedics. They could not get Richard to cooperate. A second paramedic team arrived (RA 82) and they took Richard to the hospital

In 2015, Arnie Cartier returned to Hollywood. He had added weight and was looking good. His mental condition was good as well. We started to see him hanging around, sitting on the sidewalk at all hours of the day and night. Outreach providers had a place for him to stay, but it seemed that he used this less and less. We contacted all our outreach contacts and alerted them to the situation. Rudy Salinas of Housing Works was directly involved.

Over time we saw that Arnie's mental condition was deteriorating. By mid-May he was starting to act in a way that we had seen in the past. He was dirty and started wearing tattered clothing. On 5-22-15, our PSO's saw him at Madame Tussauds. He was confused and disheveled looking. His pants were shredded and he was wrapped in a dirty blanket. He said that he was "great" and "super strong". He then started twirling and dancing. He then left the area.

They saw him later and he was walking in traffic at 7080 Hollywood Blvd. A driver stopped his car to avoid hitting him. Arnie then put his hands on the hood and it looked like he planned to climb onto the car. The PSO's asked him why he did this and he said "Because it's my car. All the cars are my cars. He also told them that although he had super strength, he did not plan to fight them.

These behaviors are very similar to what we had seen from him prior to his conservatorship. I called Rudy and he assigned Anthony to the case. We put together a plan for an intervention.

On 5-26-15, we found Arnie who was sleeping on a stairway at Madame Tussauds. Our officers kept an eye on him while I called Anthony. He responded along with Arnie's case worker. We then had a short briefing with the counselors and our officers. As Arnie had been very violent in the past, I also asked LAPD Foot beat Officers Forman and Rhee to assist.

Arnie was deemed to be a danger to himself and was taken into custody without incident. An ambulance was called and Arnie was taken to the hospital and a seven day hold was placed on him. This was an accomplishment as people taken in on a 5150 hold are often released almost immediately. I would place Arnie in the group with Richard McFarthing.

I spoke to Anthony the next day and learned that he was requesting a 14 day hold so that they would have time to get Arnie stabilized and to form a plan for his treatment. I offered our assistance in the ongoing effort to help Arnie. I later learned that Arnie was released after just a few days.

On 5-28-15, we contacted Moses. He has been on our streets for years. He had been staying at the Gilbert Hotel and moved onto the street when it was sold and renovated. He is a kindly soul and is considered to be somewhat of a philosopher. He is well thought of by the homeless community and many of them have expressed their concerns for his health.

He legs have been badly swollen for some time, but he has refused all offers of help. Our PSO's found him on the ground the previous Friday and we attempted an intervention that failed. On this occasion the officers were finally able to convince him to accept help. They called paramedics who responded and took him to the hospital. The officers then called on Clean Streets to tidy up the area.

On 6-5-15, we found Michael Cross in distress at 6381 Hollywood Blvd. He was vomiting and having trouble breathing. The officers called paramedics who responded and took Michael to Kaiser Hospital.

On 6-14-15, our Bike Team Officers were flagged down by a man at 6601 Hollywood Blvd. regarding a man being attacked. They spoke to 36 year old Ralph. He said that he

had been sitting on the outside patio of the Lucky Tavern eating lunch when suspect Beasley approached. He asked Ralph if he could take a hit from his Vape cigarette. The victim said no and the suspect turned and started to walk away. He then turned back and punched the victim on the left side of his head. At this time the officers saw the suspect walking by and they asked him to sit and wait for the LAPD. The suspect had cuts to his head and chin. It appeared that he had been in an altercation prior to his assault of the victim. Paramedics arrived and treated both the victim and the suspect. The LAPD arrived and they placed Beasley under arrest for battery.

On 6-8-15, we saw Alex McNeilly down on the sidewalk at 6601 Hollywood Blvd. Our officers stopped and warned him regarding blocking the sidewalk. He then told the officers that his left knee was injured and he could not walk. Our officers called paramedics and they responded and treated him at the scene.

6-16-15

My Special Tuesday Morning

On 6-16-15, at about 7:00 A.M., I (S. Seyler) was driving east bound on Hollywood Blvd. at McCadden. I saw two men squaring off and throwing punches at each other directly in front of the Starbucks. One was a male white, about 6'5" tall and weighing about 230 lbs. He was not wearing a shirt. The other was a male black, about 5'4" tall and weighing about 130 lbs.

I pulled over and called the BID security office. As I approached it became obvious that the male black was the aggressor in this incident. He kept taunting and moving towards the other man making threats the whole time. At one point the male white took a round house kick at the other man, but missed. The smaller man approached the tall one and threatened him again. The tall man then chased him. The smaller man ran into the street without looking and missed being hit by a car by mere inches. The smaller man tripped and fell onto the street.

At this time an LAPD traffic officer happened to be passing by. He pulled up just as BID Patrol officers arrived. He told the two men to sit on the curb. The tall man sat, but the smaller one refused to cooperate. It was apparent that the officer put out an officer needs help call as a couple of minutes later about eight LAPD units arrived with lights and sirens blazing. They arrested the smaller man and I heard him screaming anti-gay slurs at the officers.

By this time there were about 20 workers and tourists watching the spectacle. Not a good PR moment for Hollywood. This is one of many stories that I have documenting.

Kerry, we have not seen Gertrude today. We think she may be staying north of the BID on Vine, but are not sure. I will advise if we spot her. This is weird because she re-appeared in the BID on 4-11-14. We have been having serious issues with her everyday since until today.

Levi, Rachel Annell:

AKA Rachel Phillips

DOB [REDACTED]

SS# [REDACTED]

From Los Angeles CA.

BID Security's first documented contact with Rachel was on 9-25-01 when she was warned for trespassing at a business near Hollywood and Sycamore. She was lying in the doorway of the Knitting Factory. On 9-6-04, she was warned for sleeping in front of the business at 1770 Highland. She was arrested for urinating in public on 2-14-05 at 1740 Highland. On 11-22-07, she was again arrested for urinating in public at the same location.

We are unsure of the spelling of her first name. Some call her Raquel. She sleeps on the sidewalk in front of the church located at Highland and Franklin and spends most of her time in that area. We are unable to communicate with her although we have tried to build a rapport with her many times. She has never been hostile towards us. She is very quiet, but does not speak to us.

I recently tried to talk to her on Highland near our office. She focused on a tree and totally ignored me. She touched the tree, picked up small items from the ground and then walked away.

We feel that she suffers from extreme mental illness and is in desperate need of intervention. She often sleeps on the sidewalk near the church and is unprotected and vulnerable. All attempts at engaging with her have failed and she seems unaware of reality. We believe that she is gravely disabled and in need of immediate help.

One more to follow. I have another six to eight, but need more time to document.

Todd, Jonathan

DOB [REDACTED]

Born Los Angeles Ca.

AKA Blaze

BID Securities first documented contact with Jonathan was on 5-23-11 when he was arrested for drinking in public at 1747 Cahuenga. We have also arrested him for trespass on 1-9-12, and for blocking the sidewalk at least seven occasions.

On 3-22-15, Officers Kanagi and Martinez contacted Jonathan who was lying on the ground outside the McDonalds located at 1413 Vine. He said he was sick. They bought him an orange juice. He said that his shoes had been stolen during the night. His feet were dirty and he had a laceration that was not healing properly. The officers referred him to the Saban Free Clinic for a shower and medical treatment. Jonathan thanked the officers and then left the location.

On 3-13-15, Officers Anderson and Rosales spoke to Jonathan. He was blocking the sidewalk at 6300 Sunset Blvd. They asked him to get up. He told them that he had not eaten in days. The officers bought him a burger, fries and coke. Jonathan got up off the sidewalk.

Jonathan is a known drug user which seems to fuel violence at times. Business people and others call as he blocks the sidewalk and causes other problems. In April of 2015, our officers woke him as he slept on the sidewalk. He was moaning and started yelling "Stop Tasing me". The officers assured him that they were not using a Taser on him. He then told them that he did not mean them, but rather the person behind him. There was no one there. We have shared this information with the outreach community during our weekly conference call with the Center.

On 4-14-15, our officers contacted Jonathan at a bus bench at Sunset and Vine. He was highly agitated and appeared to be under the influence of narcotics. He was extremely aggressive and came close to attacking an officer. We continue to fear for his wellbeing.

ANDREWS INTERNATIONAL

Olsberg, Trent:

DOB [REDACTED]

Trent was discussed at the 3-13-13 HHOT Meeting. He panhandles on Gower between Franklin and Hollywood Blvd. He frequents the Lord's Lighthouse on Wednesday and Sunday. He is currently refusing services. He usually appears to be under the influence of narcotics.

On 3-12-15, our officers assisted an LASD Motor officer that was trying to detain Trent who was chasing a female tourist with a hypodermic syringe. He was taken into custody.

Trent still panhandles in the BID. He has become increasingly violent. We believe that he is still using narcotics. On 4-7-15, we received a call of a battery at the 7-11 Store located at 1810 Cahuenga. Trent had assaulted a woman. We directed the LAPD to his location and they placed him under arrest. We have received several calls lately regarding Trent attacking people. We believe that he is suffering from mental illness as well as the effects of narcotics.

Todd, Jonathan

DOB [REDACTED]

Born Los Angeles Ca.

AKA Blaze

BID Securities first documented contact with Jonathan was on 5-23-11 when he was arrested for drinking in public at 1747 Cahuenga.

Jonathan has generated numerous calls for service. We have arrested him for blocking the sidewalk, trespass and assaulting a BID officer. On that occasion he was hitting his girlfriend. Our officers intervened and Jonathan threw a milk crate at an officer.

On 3-22-15, Officers Kanagi and Martinez contacted the homeless Jonathan who was lying on the ground outside the McDonalds located at 1413 Vine. He said he was sick. They bought him an orange juice. He said that his shoes had been stolen during the night. His feet were dirty and he had a laceration that was not healing properly. The officers referred him to the Saban Free Clinic for a shower and medical treatment. Jonathan thanked the officers and then left the location.

On 3-13-15, Officers Anderson and Rosales spoke to Jonathan Todd. He was blocking the sidewalk at 6300 Sunset Blvd. They asked him to get up. He told them that he had not eaten in days. The officers bought him a burger, fries and coke. Jonathan got up off the sidewalk.

Jonathan is a known drug user which seems to fuel violence at times. Business people and others call as he blocks the sidewalk and causes other problems. In April of 2015, our officers woke him as he slept on the sidewalk. He was moaning and started yelling "Stop Tasing me". The officers assured him that they were not using a Taser on him. He then told them that he did not mean them, but rather the person behind him. There was no one there. We have shared this information with the outreach community during our weekly conference call with the Center.

Walker, Eva

DOB [REDACTED]

Born Chicago Illinois

Bid securities first documented contact with the homeless Eva Walker was on 1-24-02 as was she was sleeping on an abandoned mattress at 6754 Yucca. Over the following years she generated numerous calls for service as she was blocking the sidewalk, trespassing, panhandling and causing a disturbance.

On 12-18-07, our Officers arrested Eva Walker and Nathan Gerecki for trespassing at 1248 Vine Street. The suspects made numerous death threats that were recorded by the Officers. Upon hearing the recording, LAPD Lt. Rosales charged the suspects per 422 PC Felony threats.

On 10-11-10, our early morning car responded to 1240 Vine. We had been advised that Nathan Gariche and Eva had been sleeping there and had threatened to beat up the security guard. Our officers warned them that they may be arrested if they continued their behavior. This has been an on- going issue.

On 1-20-12, our Officers spoke to Eva and boyfriend Jonathan Todd at 1240 Vine. They are responsible for generating numerous radio calls as they insist on setting up encampments on private property. They are often very argumentative when asked to move. On 1-9-12, we finally arrested them for trespass after countless warnings. We have been offering them assistance, but they have always refused. On this date they agreed to enter the Winter Shelter on Gower as long as they could go together. We contacted the shelter and are awaiting their feedback.

Evelyn Walker

Jonathon Todd

On 8-3-12, our Officers found Eva Walker down on the sidewalk at Selma and Vine. She was unable to get up. She complained of pain to her back, right side and stomach. We called Paramedics who responded and took her to the hospital.

Eva Walker

On 6-3-13, our Officers contacted a very angry Eva at Hollywood and Vine. It seems that her boyfriend 'Blaze' spent his entire Social security check on marijuana.

On 7-24-13, our Officers Coogle and Ayala were asking Eva and her boyfriend Jonathon (AKA Blaze) to wake up and move off the public sidewalk. Jeffrey Moskowitz then walked up to Officer Coogle who was sitting in his vehicle. He stood very close, even thrusting his head inside the window causing a potential Officer safety issue. He was very agitated and yelled that the Officers were harassing the homeless and as security guards, they had no right to do so. A Supervisor was called to the scene.

Jonathan and Eva then spoke to Jeffery telling him to leave the Officers alone as they were just doing their jobs. Thy also told him that we act as their alarm clock. Jeffrey was not convinced and he continued to berate the Officers. He calmed down after hearing about the outreach that we provide to the homeless. It was nice to have our homeless people stick up for us despite the many negative contacts we have had in the past.

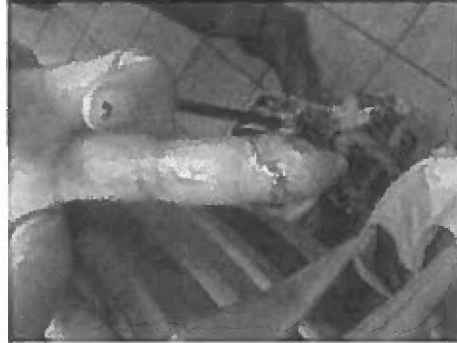

Jeffery

On 9-5-13, we arrested Eva as she had an outstanding no bail warrant for possession of narcotics. On 11-15-13 we arrested her again for the same charge. We also arrested her for drinking in public on 12-16-13. We offered to help connect her with shelter and services during all our contacts with her, but she has always refused our help.

As of 3 24-15, we continue to have contact with Eva. She and Jonathan are still friendly with each other, but are no longer a couple. She still sleeps near the Office Depot near La Mirada and Vine. She still generates calls for service as she is often slow to leave private property in the morning. We believe that she is a still a user of narcotics. She has resisted all efforts to assist her in moving into shelter and services.

Our officers spoke to Eva this morning. She had just gotten out of the hospital. She went as she had a very bad infection on her hand. They gave her antibiotics and wanted to do some aggressive treatment, but she refused to let them. She then returned to the streets. She said the DR. told her that her finger was necrotic. Eva said that the infection started with a small red bug under her fingernail.

We are very concerned for Eva as her finger appears to be severely infected. She is in danger as she is refusing treatment. Some kind of intervention is called for here and we will reach out to our partners in the homeless outreach community.
